Our Wild Week

“Paws” for These Events

Reading:

Reading Plus has started! Remember, students are to complete **6 sessions a week from Monday-Sunday**. Reading logs should be signed daily and students should be reading chapter books. **Quarterly Reading Project is due October 17, 2014!**

Math:

Over the next few weeks we will focus on **division skills with one digit and two digit divisors**. It is crucial that your child knows basic division **AND** multiplication facts from 0-12. Please continue to review those facts with your child daily! **Chapter 1 Test will be on Friday, September 12, 2014!**

Science:

We are going to spend the next few weeks studying **Chapter 11: Matter and Its Properties**. We will continue to do hands-on science experiments so that the students may have a better understanding of the different properties of matter (i.e., phases of matter, mixtures, solutions, mass, density).

Notes from the Leaders of the Pack:

The **D.A.R.E.** program will begin next week! Every Monday and Thursday, **Officer Mike** joins our classes for a one hour session. **D.A.R.E.**'s primary mission is to provide children with the information and skills they need to live drug-and-violence-free lives. The mission is to equip kids with the tools that will enable them to avoid negative influences and instead, allow them to focus on their strengths and potential. We encourage you to talk with your child about the topic of discussion every week.
